

Dear Sir

I would like to congratulate you on your **60 Minutes** programme. I have enjoyed its informative presentations for many years.

However, last night's segment featuring Ukrainian brides was very disappointing and insulting. The women from Odessa whom you presented in the programme, portrayed Ukrainian women as a bunch of brainless, gold-digging, oversexed bimbos whose sole aim in life is to find a rich husband.

Ukrainian women are renowned for their brains and beauty. Yulia Tymoshenko is I'm sure familiar to you. Why not present a feature on her. She is a far better representative of Ukrainian womanhood than the group of Russian-speaking females you featured in the programme.

Yours sincerely
