

**ACTION AGENDA**  
**CONTACT YOUR FEDERAL MP TODAY**  
**TO SUPPORT AUSTRALIAN SANCTIONS**

At this pivotal time for pro-democracy efforts in Ukraine, Australians of Ukrainian and other backgrounds, the Australian Federation of Ukrainian Organisations (AFUO) calls on all community members to act.

TODAY:

- a. Contact your Federal Member of Parliament. Your local MP's details can be obtained on the website of the Australian Parliament. <http://www.aph.gov.au/>
- b. By phone, email or letter, ask your Federal Member of Parliament to make representations to the Minister for Foreign Affairs, the Hon. Julie Bishop MP along the following lines:
  - Australia must take a decisive and principled position on the situation in Ukraine, including the introduction of new anti-dissent measures by the regime of President Yanukovich.
  - Australia, as a recognised international leader on human rights, must act in defence of the civil liberties and democratic aspirations of the people of Ukraine.
  - To protest Mr Yanukovich's anti-dissent measures, Australia should align itself with its allies and start the process of imposing personal financial sanctions and travel restrictions against President Yanukovich and his associates.

**IF YOU WANT YOUR GOVERNMENT TO ACT, YOU HAVE TO ACT.**
