## Project description

In April 2022, the NGO "Rotary Club Kyiv International" launched a large-scale project, the aim of which is to equip temporary accommodation for internally displaced people in Ukraine. During the project, the Rotary team intends to prepare at least 50 shelters to open in different regions of the country.

Thank you very much Ukraine Crisis Appeal, Australian Federation of Ukrainian Organizations, Rotary Australian Districts for helping Ukraine in such a difficult time! According to statistics, there are more than 2 million IDPs in Ukraine. Recalling the recent history, when 4,000 people in Cherkassy were sent to live under rocket attacks just because there were no places, a sting rolls in their eyes. Therefore, the priority project is the organization of 50 Shelters throughout Ukraine!

Volunteers of the Rotary Club Kyiv International in a short time have ensured effective cooperation with local authorities and heads of shelters, finding the necessary goods, their purchase and delivery, as well as quality control of the performed work.

During the arrangement, each of the shelters has received all the goods, that are necessary for the comfortable living there and meeting needs of internally displaced people. The list of goods, that were provided to shelters includes furniture, household appliances, bedding, etc.

The NGO "Rotary Club Kyiv International" would like to thank everyone, who sponsored and supported this project!
